Marquis Athletic Club Held a Very Successful Meet

On Saturday, May 26th, the Marquis Athletic Club held a very successful sports meet at Lake McGregor. The Clubs participating were Arrowwood Jr. U.F.A., Queenstown Jr. U.F.A., Bow Milo Jr. U.F.A., Johnny Canuck Jr. U.F.A., Nightingale (Eastway) and Milo.

Winners in the various events were:

Boys' 100 yard Dash

1 Frank Wyatt, 2 Harry Mowatt, Queenstown; 3 Norman Earle, Arrowwood.

Girls' 75 yard Dash

1 Nora Wainwright, E. Milo; 2 Agnes Rubbelke, Queenstown; 3 Vera Hesketh, Arrowwood.

Boys' 220 yard Dash

1 Frank Wyatt, Nightingale; 2 Percy Stull, Queenstown; 3 Norman Earle, Arrowwood.

Girls' 220 yard Dash

1 Vera Hesketh, Arrowwood; 2 Nora Wainwright, E. Milo; 3 Mary Dunka, Arrowwood.

Boys' High Jump

1 Billy Shield, E. Milo; 2 Jim Wyatt, Nightingale; 3 Norman Earle, Arrowwood.

Girls' High Jump

1 Agnes Rubbelke, Queenstown; 2 Margaret Oldfield, Nightingale; 3 Vera Hesketh, Arrowwood.

Boys' Running Broad Jump

1 Percy Stull, Queenstown, 18 ft. 9 in.; 2 B. Soli, Queenstown, 18 ft. 2 in.; 3 Wilbur Monner, E. Milo, 17 ft. 11 in.

Girls' Running Broad Jump

1 Agnes Rubbelke, Queenstown, 15 ft. 3 in.; 2 Nora Wainwright, E. Milo, 15 ft. 5 in.; 3 Vera Hesketh, Arrowwood, 12 ft. 9 in.

Boys' Hop, Step and Jump

1 Wilbur Monner, E. Milo, 37 ft. 6 in.; 2 Jim Wyatt, Nightingale, 37 ft.; 3 Percy Stull, Queenstown, 36 ft. 9 in.

(Continued on page 4)

Additional Locals

We are pleased to report that Mr. R. H. Anderson, who underwent an operation recently at Calgary, is making progress and we hope to see him home shortly.

A number of the girl friends of Gladys Leonard helped her celebrate her tenth birthday on Wednesday after school by arranging a surprise party when a very pleasant time was spent by all.

Mr. H. Ellis met with a painful accident last week. While spreading grasshopper poison he had the misfortune to fall on a can he was carrying, cutting his face. At time of going to press we learn he is progressing favorably.

Successful U.F.W.A. Conferences Held at Enchant and Milo

A splendid conference of farm women was held in Enchant with an attendance of well over a hundred. Two of the women drove eleven miles with a horse and buggy and several walked to the meeting. Despite crop failures, grasshoppers and poverty the women still maintain their loyals and earnestly strive for an interest in affairs of the day and co-operative effort. Mrs. McBride, as Director of McLeod Constituency and Convener of Junior work urged a greater interest in Peace and Goodwill, also in the work for young people.

In Milo there was a splendid turnout. One hundred and ninety registering at the door. Mrs. McBride of Enchant was also present as Chairman at both Conferences and introduced both Mrs. Ross, Vice-President of the U.F.W.A., and Mrs. Haynes, Director of Dramatics for the Dept. of Extension.

Mrs. Ross dealt briefly with the work of the organization since its inception and she asked the Locals to thoroughly discuss subjects mentioned on the year's program. She asked for a sympathetic understanding of the rural teaching of all phases of the U.F.W.A. program were dealt with and the speaker showed an up-to-the-minute knowledge of her subject.

Mrs. Haynes delighted her audience with her talk on "The Theatre." Her ready wit and humor helped to make the afternoon a memorable one. She concluded her instructive talk with an amusing demonstration in presenting part of a playlet from Henry the Eighth, "Tugging an Egg." The musical selections and community singing were greatly enjoyed. Resolutions dealing with the teaching of music in the rural schools and the introduction of Beverly Nichols' book, "Gry Havoc," on the supplementary reading course brought forth a splendid discussion and were passed. Plans were made to hold a rural U.F.A. Rally this summer, announcement of time and place to be made later.

TRAIN SCHEDULE AT GLEICHEN

No. 1 Westbound	8:25 p.m.
No. 3 Westbound	8:40 a.m.
No. 2 Eastbound	4:31 a.m.
No. 4 Eastbound	7:05 p.m.

Arrowwood

West bound, Tues, Thurs, 1 pm
East bound, Wed, Fri, 1:30 pm

Adults 35c. Children free, at the Sports Grounds tomorrow.

June 1st is Arrowwood's Sports Day

Tomorrow is Arrowwood's Annual Sports Day and the Baseball Club has taken great pains to secure three good baseball teams to be the day's victors.

Blackie and Carseland will oppose each other at 1:30. Walker and Baker will probably play for Blackie while Abell and Strathmore will handle the mound duties for Carseland. These pitchers will be supported by snappy fielders and this game should be a fine exhibition.

Queenstown and Arrowwood meet at 3:30 in the third game of the draw. Both teams are confident of victory; just who is the better will be demonstrated on the diamond tomorrow so be there to boost for your favorite team.

The third game will start at 6:30 to determine the day's winner.

A program of children's races and jumps has been planned for the morning to begin at 10:30. Edna McLean's orchestra will provide the rhythm numbers for those wishing to trip the light fantastic.

H.R. White Knows Horses

Impressions of Three Persons Who Have Seen Part of H.R. White's Horse Training Program:

We are convinced, from what we have actually seen, that Mr. White is offering something invaluable to horse lovers and owners. There is no question but that it is a gentle, kind, and humane method of training one of our most valuable animals. A time spent in taking (if only a part) of Mr. White's course will never be regretted. The easy, simple way in which the horse was handled is what appealed to us, and we feel certain that anyone taking this course would be able to accomplish the gentling of a horse as easily as Mr. White.

The first lesson lasted about 30 minutes. In that time the horse was haltered and taught to follow, both to the left and right. The next lesson, in less than 20 minutes, Mr. White went over part of the horse with his hands, after which he placed a box on the ground and jumped over the horse's back, slid down over his hump and went in between his legs, all without the horse moving. With a few days of this kind of treatment we feel certain that any horse can be made gentle for all time. The horse never turned a hair, and showed absolutely no fear at any time.

Arrowwood Market Prices

Rev. J. H. Brubaker will be the speaker at the service next Sunday morning.

A program of Gospel Music is being arranged to constitute the entire Sunday night service. A special invitation is extended for a large attendance at this service.

Don't forget the Arrowwood Sports Day on Friday, June 1.

Milo Notes

The Ladies Sewing Club met at the home of Mrs. E. Jones on Friday afternoon.

United Church Services every Sunday at 8 p.m., Sunday School at 7:30 p.m. with Mr. Perry in the pulpit.

Baptist Church Services every Sunday at 11 a.m.

Mr. Quinlan who has been on the staff of the Milo Bank of Nova Scotia for some time left for Saskatoon to take up other duties at that point.

The U.F.W.A. Conference held in Milo May 23rd was very interesting affair. Those who were fortunate enough to attend found the guest speakers Mr. Ross of Edmonton and Mrs. Haines of Edmonton University interesting.

The Jr. U.F.A. Sports and Dance held on May 29th was well attended.

People came from all over the district on Friday evening to hear the Hopkins Orchestra which was conspicuous by its absence until nearly midnight when they arrived all hot and bothered to find the Local talent had kindly consented to fill in and they were not needed. It was late when the dance got going, never the less everyone reported an excellent time.

The grasshopper station is the busiest place on record these days. Trucks and cars of every description are flying hither and yon, with poisoned bait.

Mr. Anderson of Claresholm accompanied by her husband and children were visitors this week at the home of her sister Mrs. Miles Thornton.

Mr. and Mrs. Leban have returned from Lethbridge where they had been visiting.

Crops in this district are standing up fairly well considering conditions. Rain is needed very badly.

Buffalo Hill News

Mr. H. Houghton, who has resided for a number of years near the Berrywater School, was found dead in bed by neighbors last Friday. Mr. Houghton was a bachelor and was 46 years of age. His sister, who lives in Calgary, had visited with him on May 24, returning home the same day. Next day she received a call informing her of the sudden death of her brother. The funeral took place in Vulcan on Monday, May 28th.

The Wyatt boys were in luck at the Marquis Athletic sports Milo last, both being prize winners. In addition Frank won a cup.

(Continued on page 4)

Arrowwood Notes

All roads lead to Arrowwood on Friday June 1.

Me-srs. A. E. Starling and T. S. Board were business visitors to Calgary on Wednesday.

Mr. and Mrs. M. Lyle and son spent the 24th at the home of Mr. and Mrs. W. C. Lyle.

Bert Simulae of Bow City is visiting for a few days at the home of Mr. and Mrs. A. Harrison on Wednesday.

Mr. M. H. Ward and Mr. Jas. Ward, attended a cattle sale West of Turner Valley on Tuesday.

The interior of Mr. Archambault's barbershop has been greatly improved with new wallpaper.

Born-At Mrs. Lovendon's Nursing Home, on Sunday, May 27th, to Mr. and Mrs. E. Swanson, a son.

NOTICE-The White Lunch has taken over the agency from Mrs. Anderson for 4X bread. Orders appreciated for pies and cakes. The Arrowwood Community Club will meet on Tuesday afternoon, June 5th, at the home of Mrs. Jacques. Roll Call, A Bright Saying of a Child, Demonstration of salads. Musical program.

Mrs. J. Mackie and Mrs. A. Phillips were visitors to Vulcan last Saturday to attend a meeting to arrange for the C.G.I.F. annual camp at Arrowwood. Further particulars next week.

Mr. and Mrs. W. Hill who have been visiting their son, Mr. R. Hill and daughter, Mrs. D. R. M. Shouldice, left for their home at Long Beach, Cal.

Mr. and Mrs. A. L. Ingraham were visitors in Calgary on Wednesday. They were accompanied home by Miss Verna Ingraham, of the Holy Cross Hospital nursing staff who will spend her holidays here.

Last Sunday Miss Ester Rose, Mrs. J. Barclay, Miss Betty Keith, Miss Edna Harnwell, Mr. Alex. Kennedy and Mr. Malcolm Taylor motored in from Calgary on Sunday and spent the day as guests of Malcolm's parents, Mr. and Mrs. C. G. Taylor.

Remember the Lawn Social to be held at the home of Mr. and Mrs. Mackie, on Saturday evening, June 9th, under the auspices of the W. A. of the Arrowwood United Church. A good program is being prepared. Come and enjoy the evening.

Rev. and Mrs. J. S. Culp and Rev. John Winstead will leave this week-end by motor, for Ames, Iowa, where Mr. Culp and Mr. Winstead will attend the International Conference of the Church of the Brethren and expect to be away for about three weeks. Mr. Lawrence Larsen will accompany them as far as Fargo, N. D., where he will visit her son and daughter.

Mother and Daughter Banquet a Success

The Ladies' Aid sponsored a banquet for the mothers and daughters of the Sunday School which was held in the basement of the church.

The guests gathered in the auditorium upstairs where a social time was spent until called to the dining room which was beautifully decorated for the occasion and about ninety mothers and daughters enjoyed the lunch and program provided for the evening.

Seated around the tables the entire audience sang Home Sweet Home after which Mrs. Koffman returned thanks for all blessings of the day and hour. A few words to home were given to all present.

A tribute to aged mothers was given by Mildred Kauffman while Grace Burger gave a tribute to modern mothers.

Bessie Miller gave a very fitting tribute to step mothers. Mrs. Winstead then gave a tribute to the daughters.

A mother's quartette was rendered by Mrs. Mason, Mrs. Kauffman, Mrs. Vancil, and Mrs. Brown.

A mother and daughter duet was sung by Mrs. Mason and Alberta.

Edna Baigle gave a reading on mothers.

A daughter's quartette was rendered by Mildred Vancil, Alberta Mason, Florence Norton and Evelyn Burris.

A mother and daughter duet was sung by Mrs. Vancil and Mildred.

A duet was sung by Alberta Mason and Evelyn Burris.

Thelma Miller brought the evening to a close with a beautiful tribute to all mothers, after which the entire group stood and prayed the Lord's prayer in unison.

A vote was taken and all present expressed their desire that we have a similar gathering another year.

Dunree Victorious in Soft Ball 14-3

Dunree School team proved the victors in a hard-fought softball game last Tuesday, May 22nd, when the score proved 14 to 3.

Shouldice played a good game, however, considering the disadvantage of playing on an unfamiliar diamond, and with several of their best players crippled.

The Dunree players were in good form and Peter Amos, skinned proved an excellent pitcher, not allowing one walk.

The teams and runs were as follows:

Shouldice-Catcher, Jimmy Vergein (1); Pitcher, Peter Plandin (1); 1b, Edna Harg; 2b, Miss Kennaugh; 3b Nick Plandin (1); Fielders: Edith Harp, Doris Fielder, Fred Holoboff, Ida Mae Williams.

Dunree-Catcher, Polly Tamlin (1); Pitcher, Anstoothkin (2); 1b, Miss H. Vancil (4); 2b, Mabel Dankoff; 3b Polly Bond; 4th (3); Fielders: Bill Zurehukoff (3); Peter J. Vergein (1); Polly Vengin and Mabel Fawcett-off (1).

ARROWWOOD THEATRE

Thursday, May 31st "Footlight Parade"

Another dazzling triumph by the master makers of musicals! Brand new spectacle effects so huge they stun the senses! Hundreds of glorious beauties in breath-taking costumes. A gripping story.

Fourth Episode of the Serial "Phantom of the Air"

The Usual Comedy

8:30 p.m. Adults and Children over 12, 25c; Children under 12, 15c

CROP TESTING

The New Plan -

It when tests of 50,000 samples are made, the results are of great value to the farmer.

Music Festivals And Spring

The music festival season, whether by accident or design, coincides with spring in this Western country, and it is peculiarly fitting that it should. The two seasons are highly compatible.

Spring is essentially the season of song—of the joy of new birth, of life freed from the trammels of winter, of new hope and refreshment, of the seed-time and the filling and bursting of the buds, of the urge to new endeavor, of faith and a more expansive contentment. The pagans of old celebrated its advent with rites in which music was the vehicle of expression of that mirth and jollity the softer sun inspired.

The association of spring with song is universal—has been universal down the ages; for in the spring, nature awakes from long hibernical sleep to the notes of its own orchestra and the song of its own choristers. What more fitting than that the soul of man should "blossom in singing" when spring brings life anew to prairie and woodland!

The music festival life has given point and purpose to man's urge to vocalize the finer aspects of his emotional existence and experience. The remarkable growth of that idea in prairie communities, indicated in the consistent expansion of the festivals, is one of the most reassuring evidences of the enduring quality of the social organization these communities reflect. The joy of singing and the love of music, emotions never realized nor appreciated to the full unless they are shared, are indelible knitters of closer ties of friendship and fellowship. The association thus cemented induces to a deeper sense of that brotherhood of man which makes the whole world kin. Song is of the heart and of the spirit—a sealer of the very fabric of community life. Music symbolizes the harmony of which that life is compact and without which it cannot long survive. It is significant that visitors to rural communities of the prairie west have been struck with the fulness of the social life obtaining in them, despite the lack of those adjuncts which are considered indispensable to the amenities of city life. This feature has been remarked upon particularly in relation to the remoter communities where residents have learned to rely upon their own resources and their own proclivities for social organization, and where, in co-operative endeavor, they have managed to add spice and variety to their ordinary routine.

Music and song have thus become the greatest adjuncts of peace and contentment among the scattered communities of the far-flung prairies. They have contributed greatly towards the alleviation of the pangs of disappointment. They have made hardship less onerous, reaction less disruptive. These annual festivals, bringing as they do urban and rural dwellers of kindred tastes together, and demonstrating, as they do, a heritage common to the diverse peoples composing the population of the western provinces, are contributing much towards developing that fellowship which, wider than the communal, reaches through the provincial into the national life.

It is right that the winter should be a season of preparation and practice; but it is essential that the festivals should be of the spring. That's where they belong.

Stowaway Makes Good

Boy On Antarctic Ship Has Become Popular With Crew

Fourteen-year-old Emnar Lamberg, who stowed away on the whaling factory ship Southland, has become made good. Emnar was discovered when the ship was on her way to the Antarctic. He had crept into the ship the night she left Sandefjord, Norway, and hidden under a barrel until hunger forced him to reveal himself. The skipper admitted the stowaway, and Emnar, after a day's pluck, and made him assistant steward. His quickness and keenness made the boy extremely popular with all the crew. In the morning after a hurricane had smashed the rudder of the Southern Princess and it seemed certain that she would be lost with all hands, Emnar proved his worth. His bright cheer and unflinching courage for danger helped the morale of the other men.

First Bills Of Lading

Were Short Compared To Wordy Documents Of To-day

Bills of lading in the "good old days" of the sailing vessel were short and snappy and gave the long details now printed in fine type on the back of such instruments.

A facsimile of a bill of lading issued in 1854 on the "good ship Meteor" from Boston to San Francisco released the ship and every lad connected with it from liability of all kinds in the brief liability clause which read in part, "the goods to be delivered in good order, the danger of seas and fire excepted." In other words, if it got there fine, and if not, it was too bad.

The camel is a native of the North American continent.

Shortness of Breath Weak, Sinking Feelings

If going up stairs, climbing hills, walking too far; if the least exertion causes you to stop to get your breath; if you have weak, sinking feelings; if it is time for you to stop and think as to the cause of your

What you should do is take a course of Milburn's H. & N. Pills. They tone up and strengthen the blood organs so as to prevent any harmful attacks of disease.

Tenants Steal Building

Remove It Piece By Piece To Split Landlord

Charged with stealing a building, several tenants of a row of flats have been arrested in Rhodol, Poland. Back of this is a case of revenge against the landlord. Stung by a long series of clashes between the occupants and the owner, the tenants got together and decided to steal the building. Stung by stone, door by door, window by window, they removed their flats several miles away and reconstructed them. Calling to collect his rents the landlord found an empty space where his flats had been. He roused the village and a search was started. After many days the flats were found. Inside were the tenants, enjoying life without the shadow of a landlord's claim. The irate owner had them arrested, but is puzzling how he will get his building back where it belongs.

AFTER ACCIDENT SHE PUT ON WEIGHT

Kruschen Took It Off Again!

A woman needs the following account of the consequences of an accident in which she was involved—A year ago I had a very bad automobile accident, which left me more or less a cripple. Having to live in bed so long, I was unable to move. I began to put on flesh. In fact, I gained so much weight that, after a while, I found I was 144 lbs. and being just under 5 feet you can guess how I was placed. So I thought I would try Kruschen. I must say they have done me a lot of good in every way—but chiefly in keeping my weight down. After three months I lost 6 lbs. Then I left off taking the Kruschen, and I soon went up to 142 lbs. So I started it again, and in a few days I lost 6 more Kruschen, and am now steadily reducing. At the last month was 134 lbs.—(Mrs.) W. M.

Kruschen combats the cause of fat by assisting the internal organs to perform their functions properly. To throw off each day those waste products and poisons which, if allowed to accumulate, will be converted by the body's chemistry into fatty tissue.

"Made In China"

Oriental Make Up Irish Linen Handkerchiefs For American Trade Handkerchiefs for sale in Atlantic City bearing the tickets, "Pure Irish Linen," and "Made in China." So aroused a visitor that he promptly wrote to the Belfast Times Guild. In reply John Gilliland of Belfast, Director of the Irish Linen Guild declared that China is now buying thousands of pieces of linen to be shipped up to handkerchiefs for the American trade. "Although Irish linen is used," he said, "owing to U.S. Customs laws, articles coming from Ireland could not be accepted if they are marked with the place of origin—China is China." It is really a case of China obeying the Customs laws. As a matter of fact Ulster manufacturers are keeping a good grip on the handkerchief trade in America.

SOURCED ON THE WORLD—THAT'S LIVER

Wake up your Liver!

No Calomel necessary Many people who feel sick, sluggish and generally unwell, make the mistake of taking salts, oil, mineral water, laxative soap or anything else to "wake up" their liver. What you need is to wake up your liver bile. Your liver produces the daily pounds of fluid bile into your bowels. If this amount of fluid bile is not secreted, fat deposits form in the liver, and you are sick, nervous, and generally unwell. Ask for Little Liver Pills with you soon. Ask for Little Liver Pills with you soon. Ask for Little Liver Pills with you soon.

Organ Built By Blacksmith

Donated His Work And Instrument

Only Cost \$300

After four years' work Thomas J. Hoskins, blacksmith, motor engineer and organ builder, has donated his organ to the Pentecostal Church in Arrowwood, Alta. The instrument, 12 feet high, nine feet wide, and seven feet deep, was made at the forge, and in the garage, the home and the church. Hoskins was organist at the Carter's Corner Methodist church. The old organ was valued at \$600 and the congregation was too poor to buy a new one. Hoskins bought an old instrument, and from it took pipes and keyboard. Then he made 600 new pipes, from three inches to nine feet long. He bought 20 sheepshead for the bellows, and 100 pounds of glue, more than 2,000 screws, 15 pounds of nails and much wood. The new instrument will cost \$300. Hoskins has donated all his efforts.

In their natural state the ruby and the sapphire are identical in composition, their difference in color being due solely to naturally included metallic oxides.

Sky Changes Coloring

At Different Altitudes

Moscow Experts Studying Records

Taken In Stratosphere Flight

Remarkable evidence of changes of color in the sky at different altitudes in the stratosphere is one of the results which have been obtained by the experts in Moscow who are studying the records left by the crew of the Soviet stratospheric balloon Stratosat which crashed after reaching the record height of over 13 miles. Investigations are being carried out under the direction of M. Thomson, the senior scientific worker of the Central Weather Bureau. The gondola of the Stratosat carried numerous instruments for making automatic observations at various periods of the ascent and descent.

Among the data on which the experts have been working are twelve photographs taken at different altitudes, and twenty-seven spectrum observations.

The results of the preliminary investigations are stated to show that the sky gradually changes color as follows: 5.28 miles, marine blue; 6.83 miles, dark blue; 8.08 miles, dark violet; 11.81 miles, dark violet-marine; 13.05 miles, dark violet grey; 13.67 miles, black grey.

This evidence bears out observations made by Professor Piccard, the Belgian balloonist, and also by the crew of the Soviet Stratosat U.S.-S.B., which made a previous high record attempt, who recorded that the sky at 11,815 miles high was "very dark violet."

The experts state that valuable records of sky colors were made by M. Vassenko up to the time when disaster overtook the balloon at a height, apparently, of 7,46 miles on the downward descent.

Wolves Kill Caribou

Trapper Brings Tale Of Wanton Destruction From North

Bringing stories of terrible slaughters made by roving packs of wolves while the caribou were migrating, Edwin Sunquist, trapper of the sub-arctic, reached the Fort Manitoba, following nine months of travel west of Churchill.

Sunquist with his partners, John Ivachuk and Charles Hendon, left last July with supplies for winter trapping 165 miles north of Brochet. They traveled by canoe and reached their headquarters on Oct. 11. During the trip they saw no caribou. But on the morning after their arrival, they went outside to find the migrating herds passing their door. Thousands of animals were moving south. Following close on their heels were packs of from five to 35 wolves. Sunquist said the wolves in many cases killed purely for wantonness, and when they were not able to knock down, they turned on each other.

Served Three Kings

Royal Servant Is Retiring After Forty-Two Years

Royal servant status for 42 reigns of three British kings, William Dowsett, King's Page, has just retired after 42 years at Buckingham Palace, King's Page's London residence. "Bill" Dowsett joined the royal service in 1892 as a footman. He gained promotion in successive stages and three years ago was appointed "Page-of-the-Black-Stairs," an honored position in the service which brings the occupant of it into immediate contact with the sovereign.

Have Never Seen Rain

Because of drought there are children ten years of age in Southwest Africa who have never seen rain. They have been discovered by the Administrator of Lands who reports that rain has not fallen for seven years in some districts.

The tall-growing hybrid dolphins so popular in Canadian gardens can be raised from seed easily, but, as they do not come true, anyone wishing to increase the stock of a special plant must do so by division of the roots of that plant.

FRETFUL BABIES Quieted

"If my three baby boys were restless with colic or nervous from their baby's own Tablets and Baby's Own Tablets and they were soon asleep," says Mrs. J. T. Twidley, 215 Millwood Rd., Toronto. "These sweet little tablets remove the cause of irritability and the child becomes calm and contented. I have used them on all my children and they are the only tablets of little risk for babies." Baby's Own Tablets. Price 50c a box at your druggist.

Average Value of Canadian Farm

Stock Has Increased

The average value of farm land in Canada in 1933, including both improved and unimproved land as well as dwelling houses, barns, stables and other farm buildings, is placed at \$24 per acre in an estimate recently issued by the Canadian government. This shows an increase since 1932. Average farm land values range from \$63 per acre in British Columbia to \$16 per acre in Manitoba, Saskatchewan and Alberta.

Average values placed on farm livestock are: Horses, \$52; milch cows, \$31; other cattle, \$17; sheep, \$4; swine, \$5.88. The changes from 1932 values are slight except in the case of swine, which have almost doubled, having increased from \$4.78 to \$5.88. In the same period the average value of wool increased from five to ten cents a pound. Total value of all farm livestock in 1933 amounted to \$403,135,000, an increase of about \$27,500,000 over 1932. The value of farm poultry is placed at \$33,450,000, a slight falling-off from \$34,400,000 in the previous year.

Average values of farm hands during the summer season were \$17 per month for men and \$10 per month for women, board and lodgings, in both cases, being furnished by the employer. Counting in the value of the average wages for men were \$32 per month and for women \$25 per month.

Of recent years, a number of promising smooth-awned barley varieties have been produced by different plant-breeding institutions, including the Dominion Experimental Farms, but these varieties have not yet been tested for a sufficient length of time to say which is the most desirable. For the present, however, the variety called Velvet is favoured in Eastern Canada, while Regal appears most promising in the West.

Island's capital is named Reykjavik, meaning smoking harbor, after the hot springs which are so prevalent in the country.

The dabbles should not be planted until all danger from frost is over.

(Continued from page 1)
The weather is keeping up its reputation of Sunny Alberta—but then you can have too much of a good thing. They say sun baths are good for some people, but we've had enough for a while, although the grasshoppers don't seem to complain. They are quite numerous in some places, while at other places there are only a few. Considerable poison is being set out, but a good rain would help immensely.

Jennette, the young daughter of Mr. and Mrs. Dave Munsey, had the misfortune to break and dislocate her arm, at the elbow, on May 24th, while playing. She is progressing nicely after receiving medical attention.

The Buffalo School softball team is enjoying a winning streak. After playing the West Arrowwood school and winning they played Eastway School, and repeated their success. The next game is against Loma. No doubt their daily swim in the Buffalo swimming pool stimulated them to greater efforts to emulate their teacher who is quite an athlete.

The silver cups awarded to the girls and boys with the highest aggregate were won by First, Agnes M. Rubbelke, 13 points, Queenstown; boys Frank Wyatt, 6 points, Nightingale and Percy Stull, 6 points, Queenstown, tied. The banners awarded to the organization having won the highest aggregate was won by Queenstown, East Milo being second. Presentation of the cups and banners was made at the dance held in the I.O.O.F. hall and brought to a conclusion a successful day for the Athletic Club.

Baseball Notes

Vulcan 10—Arrowwood 5
The Arrowwood senior baseball team travelled to Vulcan on May 24th, where they were handed a 10-5 setback. A large crowd of fans was assembled to view the encounter and was treated to a very interesting baseball game. The Vulcan boys played steady baseball behind the pitching of their hurler Alfred, while the Arrowwood boys were doing anything but supporting the encounter. LIGHTEN THE BURDEN ON YOUR EYES

is every room in your home well lighted?

Can you see to read or sew comfortably in every chair in your living room without annoyance from the glare of unshaded wall brackets or ceiling lights?

Are the lights in your living room placed so that every member of the household can read comfortably at the same time?

Is it possible to sit at your desk or secretary and not have your hand shadow the lines you are writing?

Can the children do their homework without unnecessary strain on their eyes?

When you sit at the dining table, is the light on the table or in your eyes?

Can you work at any working surface in your kitchen without being in your own light?

Can you see both sides of your face at the same time in the mirror of your dresser?

Your Electrical Contractor will help you plan adequate lighting for your home.

Arrowwood 15-Carseland 4

The Arrowwood seniors played a snappy bang-up brand of baseball Saturday evening last at the local diamond when they trimmed the highly touted Carseland team, fresh from their tournament victory at Geichen by the score 15-4. Our local boys excelled in every department of the game and the fans were more than pleased to see the calibre of baseball which can be played by the locals. Glen Sperline, although a little nervous at the outset, settled down to prove to the Arrowwood fans that he had the assortment of curves and slaps that could stop the most powerful Carseland hitters and there can be little doubt but that this youthful hurler will prove of valuable aid to the club this year. Nearly every member of the Arrowwood team had a big night at bat as his were the order of the evening. Melvin Bowman however, topped all hitting honors when he drove the ball out of the park for a homer in the fifth, besides making a three base hit in the first inning. The local boys played nearly air-tight ball and Harry McCullough provided the fans with the sensational by his spectacular performance at second. The Carseland team played indifferent baseball; support was far from steady; while Crowe and Popinoff had much difficulty pitching to the Arrowwood boys.

Arrowwood 8-Blackie 7

The Arrowwood seniors made their debut in Blackie Wednesday evening and by playing sanny and aggressive baseball all the way, finally emerged victorious 8-7. The game was played in a heavy wind, and hardships were encountered by both teams in fielding the ball yet our local team, fighting an uphill battle almost from the start, were able to walk off the diamond with a win.

The Blackie boys established a lead 6-1, in the fourth inning when they scored five runs on the field, but the veteran Fred Miller, taking over the mound assignment in the fifth, practically stopped the opponents in their tracks, allowing one run in the fifth and blocking them in the last four innings.

To say the least, the battery of Miller and Archambault were going big guns, with Archambault giving a wonderful exhibition behind the plate. Melvin Bowman too, proved his worth to the team when his heavy hitting was again a feature. With the bases loaded in the ninth, two men out, and Blackie's heavy hitters at bat, excitement ran high, but Hales came to the rescue by making a beautiful catch of Walker's high fly for the third out of the game.

Both teams, made errors, but the local fans may rest assured that with their support the Arrowwood team can supply a brand of baseball which will compare favorably with any team in the South.

Sports Day

On Friday, June 1st Arrowwood is putting on a sports day and the committee in charge has arranged to make a full day of real entertainment and all who come to the Arrowwood sports on June 1st can be assured that there will not be an idle moment throughout the day.

If you are in need of some additional power for your summerfallowing, come in and see what we have in second-hand tractors. We believe we can offer you something worthwhile.

Our new refined tractor distillate is giving satisfaction. Why not try a drum of it and compare it with the fuel you are using.

The users of Autolene Oil may pay a few cents more per gallon than they would for some other oil, but we are confident that the difference is more than made up in repair costs. We carry it in all weights from SAE 10 to 90.

We also have a cheaper oil than the Autolene, so if you are looking for a cheaper oil, we can supply you.

Was their marriage a success?
Rather. It was all over in six weeks.
